

Pneumatic

Product # F20683

Dynamic Load Capacity Max. 120 kg

Wheel Diameter 356 mm

Color / Finish Black

Tread Width 102 mm

Tread Type Knobby

Hub Type Centered

Hub Width 50 mm

Hub Specification Centered

Axle Length 51 mm

DESCRIPTION

Absorb shocks and vibrations

ADVANTAGES AND BENEFITS

- Designed to absorb shocks and vibrations caused by floor obstacles or irregularities. - Safely move fragile objects over uneven or rough surfaces.

TECHNICAL SPECIFICATIONS

Product #	F20683
Recommended Surfaces	Asphalt, Concrete, Wood/Planking, Gravel
Fastening Type	Fixed
Material	Rubber
Axle Diameter	16 mm
Hub Material	Metal
