

Mold-On Polyurethane Industrial Casters with Plate

Product # F22008

Load Capacity Per Caster 350 kg

Wheel Diameter 200 mm

Total Height 236 mm

Fastening Type Fixed

DESCRIPTION

Heavy-duty casters

These heavy-duty industrial casters feature a smooth and easy rolling action that will not scuff up floors. Available in fixed or swivel option. For indoor or outdoor use.

ADVANTAGES AND BENEFITS

Smooth and easy rolling action that will not scuff up floors. Polyurethane rolling band molded on a polyurethane wheel rim. Easy start up and rolling action. Resistant to chemical and oil absorption. Pivoting rolling path and caster rolling equipped with lubrication fittings. Heavy-duty screed and larger band for additional strength.

TECHNICAL SPECIFICATIONS

Product #	F22008
Tread Width	50 mm
Mounting Type	Plate
Material	Polyurethane
Recommended Surfaces	Tile/Ceramic/ Linoleum, Hardwood/Laminate
Finish	Red
Brand	Madico
Mounting Plate Dimensions	4 1/32 in x 4 17/32 in (102 mm x 115 mm)
Features	Polyurethane Molded on Polypropylene
Conditions	Extreme Temperatures, Humid Climates

APPLICATION

Use on hard floor surfaces, such as hardwood floors, floating floors, tiles or ceramics. Use with industrial, institutional and medical equipment. Works well in extreme temperatures and humid climates.
